

Step 1: Click “Settings” icon in Tencent Meeting.

Step 2: In the popup “Settings” window, click “Background & Beauty” on the left, choose “Background” tab, untick “Video Mirroring”, and click “add image/video”.

Step 3: In the popup window, select your downloaded background picture “CSWIM 2022 – Online Background” and click Open.

Step 4: In the “Settings” window, you may find the virtual background is ready to use. You may close this window. In the next online meeting, you will use this virtual background when you open camera.
